

Ricardo Brey // **The Futility of Good Intentions** Que Le Importa Al Tigre Una Raya Mas

This book can be seen as the core – or at least a main synthesis - of the overall aspiration of Ricardo Brey for his upcoming project in Cuba. It has therefore been developed as a separate undertaking. While it is not an artist book in the traditional sense, it is definitively a project by an artist. Its ambition is to create a sense of the artistic space that Brey wants to offer, with a polyphony of voices and an immersive sphere in which a quality of behavior is of prime importance. It will offer an integral view of his oeuvre, in which the historical is integrated but the focus is on present validity.
