

Christian Gfeller // **Naked in the gallery**

The series of colour photographs *Naked in the Gallery* offers an intimate and extravagant look at an unsuspected side of an art space. Shot after hours at each of the gallery's exhibitions, these portraits chronicle the life of Bongoût gallery since its opening in 2008. Christian Gfeller, artist, gallerist and curator invited nude models to be inspired by the artworks.

The unconventional models redefine conventional notions of beauty as they display their bodies with confidence. In striking poses and looks, the artist captures the models' strong personalities and the energy and dynamic relations prompted by the exhibitions. The models and photographer reclaim the gallery as a space for expression and interaction.
