

Claudia Muller, Julia Muller // **Claudia & Julia Müller** 2004 – 2014

Swiss artists Claudia (\*1964) and Julia Müller (\*1965) live and work in Basel and Berlin. They are sisters who have been working together for more than 20 years. In their large-scale installations they combine murals, collages, drawings, sculptures, and video works. The publication provides an overview of their work from the last decade, the period during which they became two of the most important protagonists of the Swiss art scene. To allow visual and reflective space for the Müllers' inherent conceptual leaps, the catalogue lets viewers discover analogies, parallels, gaps, and contradictions in a panorama of artworks and subjective memories.
