

Daniel Stubenvoll // **Wir Fordern Wendigkeit! We Advance Mobility!**

The hand cart is an everyday tool - especially for booksellers and publishers. The volume is a witty tribute to this instrument through the format and language of instruction manuals.

"The 'laws of movement' are behind the continuous desire for innovation in art - its urge to break through established formats and to widen its field. And so, is art tangible when it is mobile. The hand cart is the central motif of this volume - it is tangible and mobile."
