

Atak // **Targets for the Modern Home**

With this wonderful collection of small-scale paintings from ATAK's ongoing Targets series, the artist pays homage to and reinvents the long-standing tradition of illustrated shooting targets. This format offers him a vast terrain in which to explore the often fantastical absurdity of the everyday with his characteristically playful and captivating style. Each page tells a story and is a snapshot of ATAK's world. Visually stunning, charming, uncanny, riddled with references to popular culture, comic culture, art history and historical events, this book will delight ATAK fans and novices alike.
