

Rehearsing Hospitalities Companion 3

Rehearsing Hospitalities Companion 3 is the third in a series of readers published by Frame Contemporary Art Finland and Archive Books, which accompany Frame's five-year public programme Rehearsing Hospitalities. The 2021 edition looks into questions of hospitality safety, security and care.

Hospitality, care, safety and security are matters intrinsically entangled, not simply through their definitions and overlapping meanings but as acts, practices, institutions, industries, infrastructures and systems of power. But for whom and what is security offered in arts and culture? As cultural workers could we/should we become more hospitable and caring towards matters of security and safety? Rehearsing Hospitalities Companion 3 is a site for meeting around matters of security, safety and care.
