

Rehearsing Hospitalities Companion 4

Rehearsing Hospitalities Companion 4 asks what the possibilities and limitations of hospitality are. Should we instead be turning towards “rehearsing” redistribution? This publication points towards the vast ways our lives and worlds could be organised through less hierarchical, extractive, and exploitative practices: with more love afforded to ourselves, one another, and our more-than-human kin. It doesn’t provide all the answers, or a blueprint for a new world, but illustrates how people are doing this work now. Here redistribution is treated as a verb: a doing.
