

Régine Débatty // **Logbook Z33**

Z33 is a house for contemporary art that holds a particular fascination for the commonplace things that affect our lives. This book is a log, an instrument to look back on the year 2011 in Z33. The first part of the book comprises work of in-house photographer Kristof Vrancken. The second part of the log presents perspectives of Régine Débatty - blogger, curator and critic. Immersed in the world of contemporary art and design, she has a special interest for artists and projects on the intersection of art, science and society.
