

Juliao Sarmiento // **95 Polaroids SX 70**

For many years Sarmiento has used Polaroid photographs to work on his pieces, as “crutches” for his paintings, his drawings and other projects. Sometimes the Polaroids were used as artworks by themselves. Other times they were used as portraits of friends or memories of glimpses. Sarmiento gathered all the Polaroids he could find in his studio, just randomly lying around or pinned up on walls or wherever... He found 95 of them and organized them in this book. There are no Polaroids left in Sarmiento's studio now!...
