

C & H // **Epilogue** Postcards from the Future

Together Heike Langsdorf, Christophe Meierhans and Christoph Ragg are the Brussels' performance collective C&H. In 2010 they created a huge city project entitled Postcards from the Future. Several performances took place between September 2010 and June 2011 in nine very diverse Brussels' neighborhoods; which were announced through postcards. For every performance, the artists worked in close collaboration with the local residents. The book presents an overview of these performances.
